

# *My Summer Holiday*

万昕瑀  
Sunny

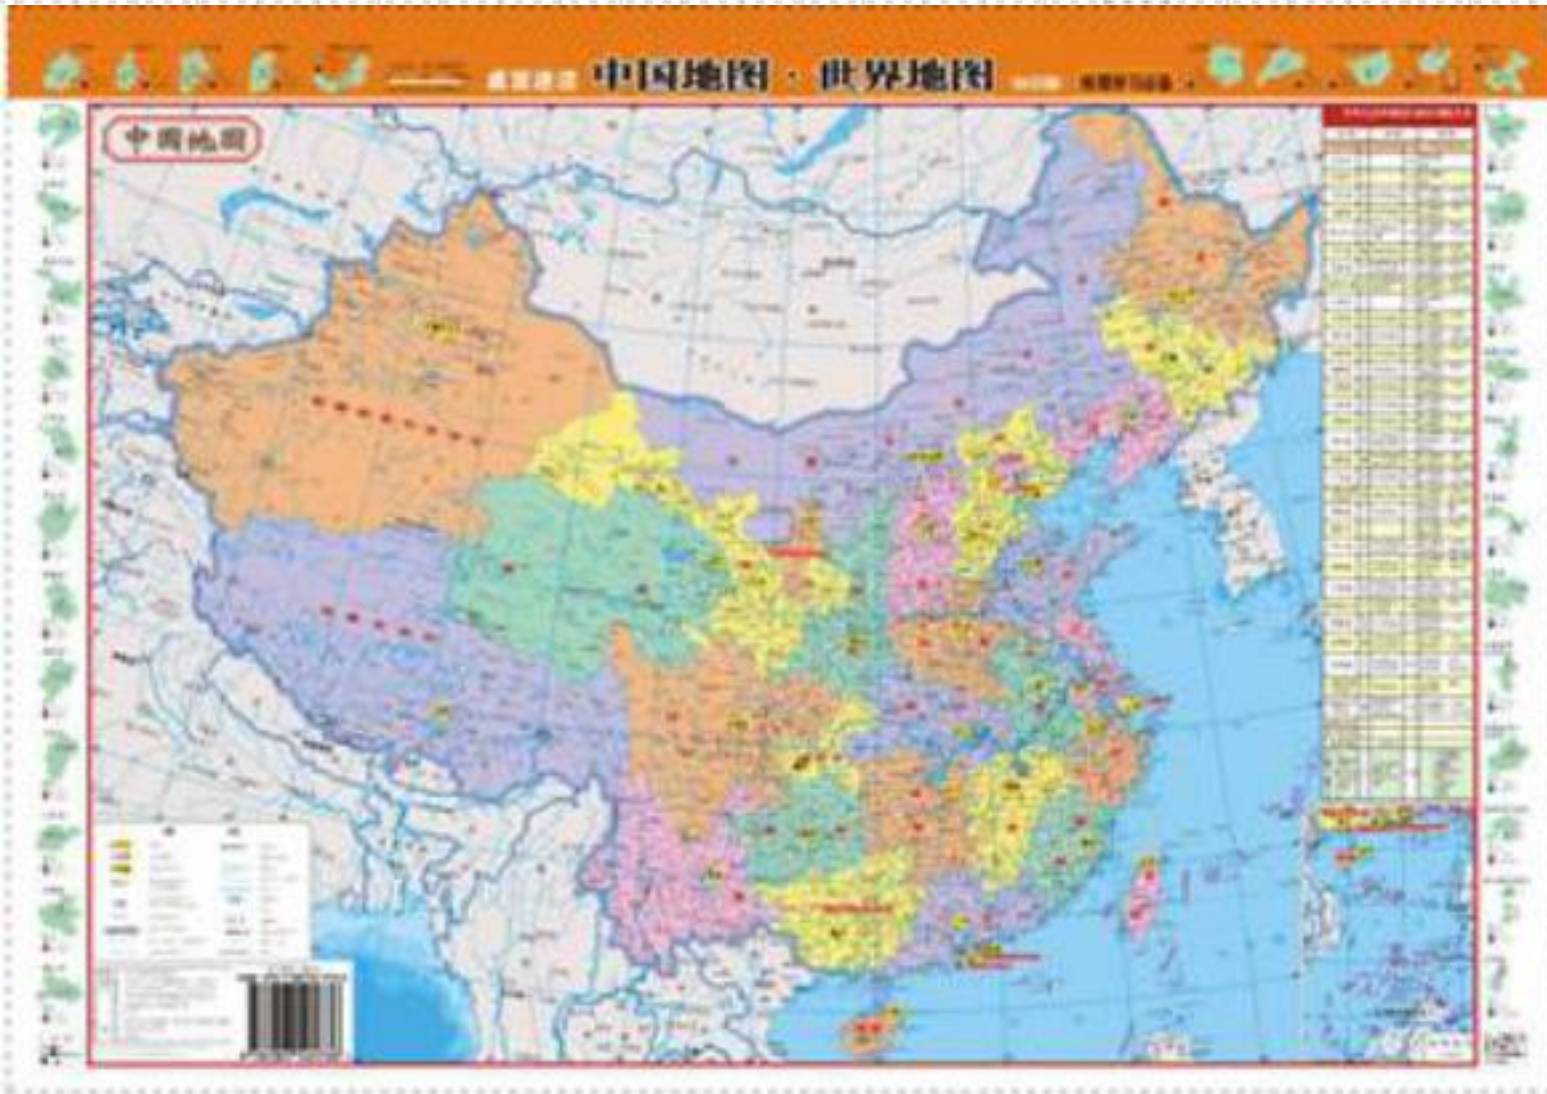

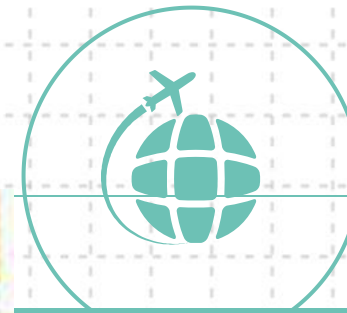

Where did you go in  
your summer holiday?  
How did you spend your  
summer holiday?

Let me share my travel feelings with you!

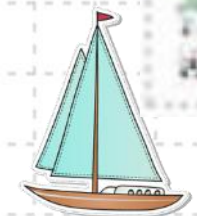

# A map of China

Because of the new coronavirus, it's dangerous to travel abroad.  
So I choose to travel at home.

# Can you guess which city is it?

Xi'an is one of the oldest cities in China, and it is one of the Four Great Ancient Capitals in Chinese history.

Shangxi Historical Museum 陕西历史博物馆

Xi'an ancient city wall 西安古城墙

Big Wild Goose Pagoda 大雁塔

Emperor Qinshihuang's Tomb Figures of Soldiers and Horses 秦始皇兵马俑

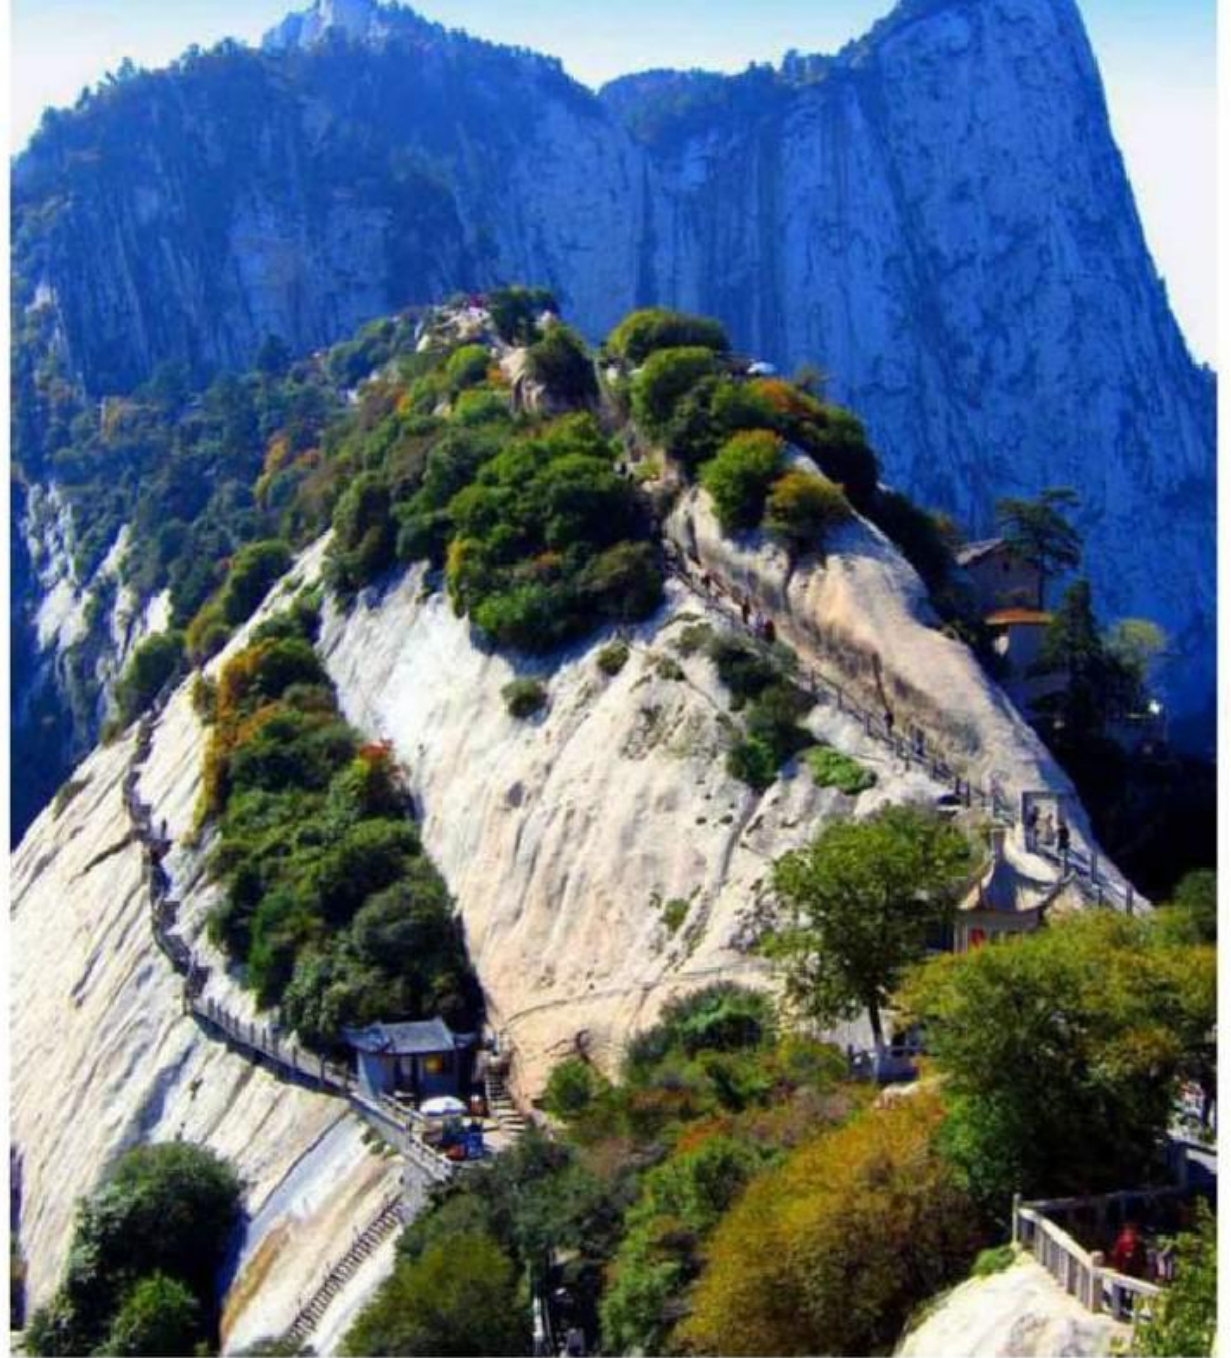

In my journey, the most expected place is Mountain Hua, because I like climbing mountains.

Two years ago, I climbed Yellow Mountain, it's very beautiful.

Mountain Hua is the most dangerous mountains in the Five Great Mountains(五岳).

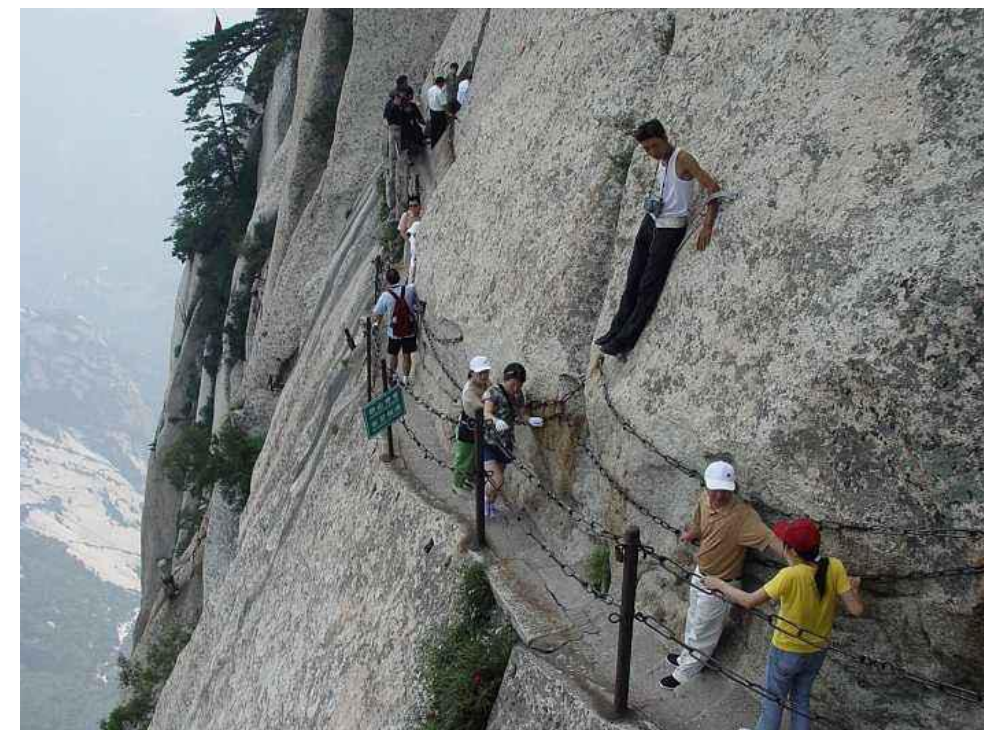

These pictures  
are downloaded  
from the  
internet.

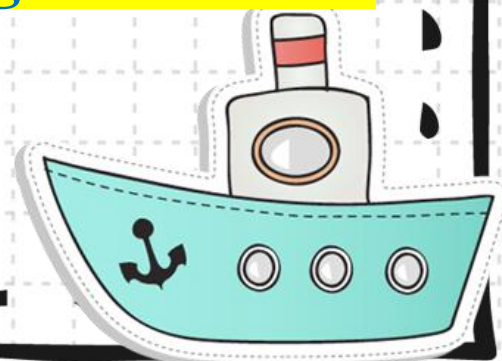

You can see  
how dangerous  
the Mountain  
Hua is.

The children  
are not allowed  
to climb these  
dangerous  
places.

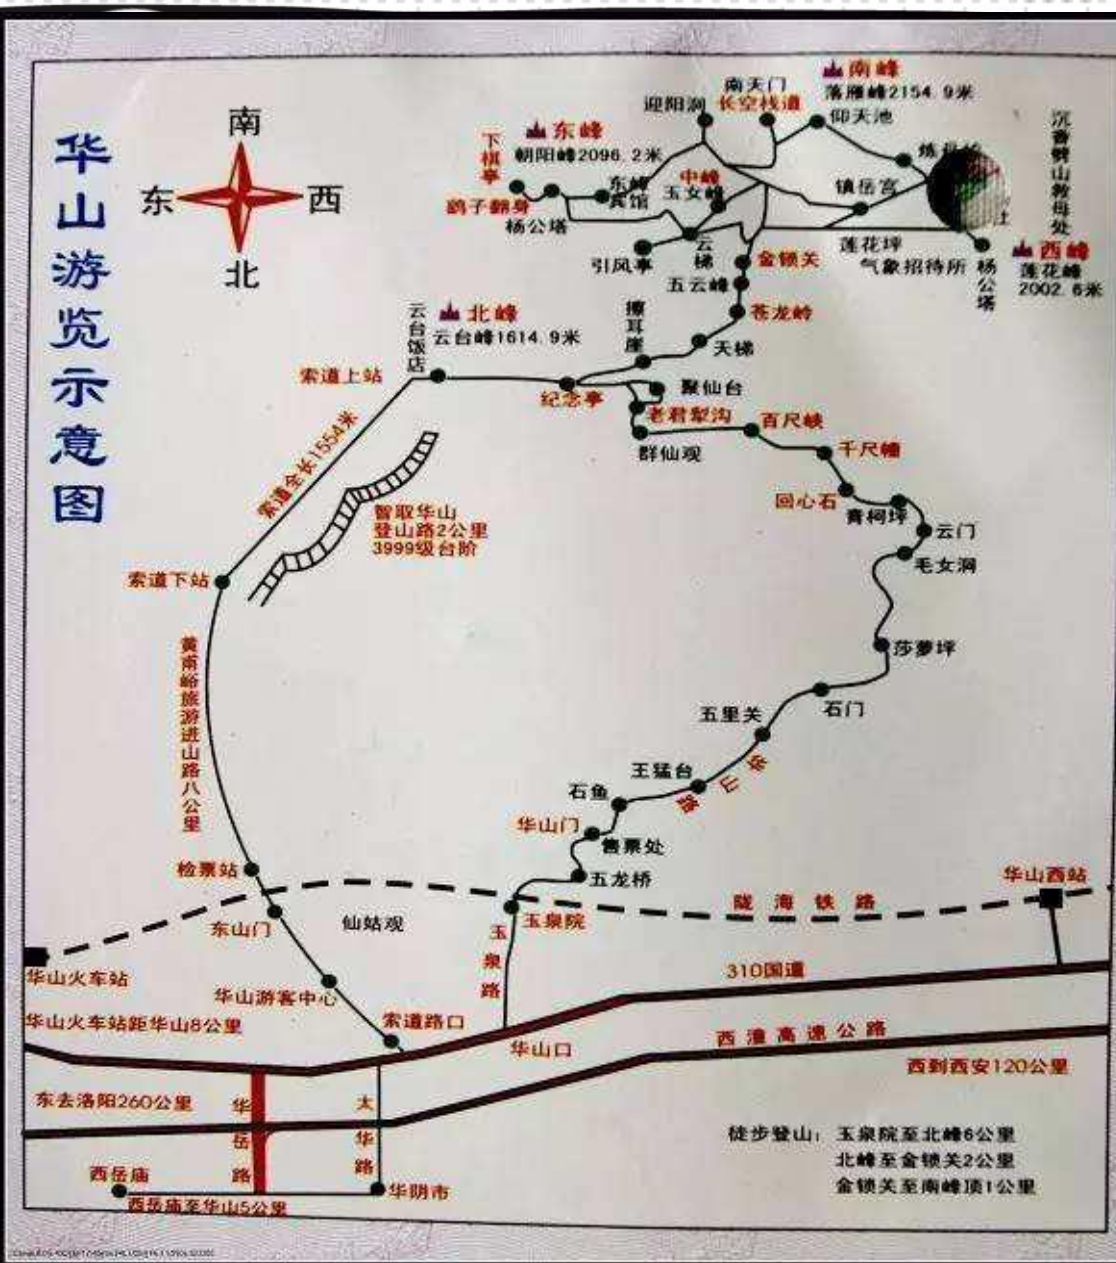

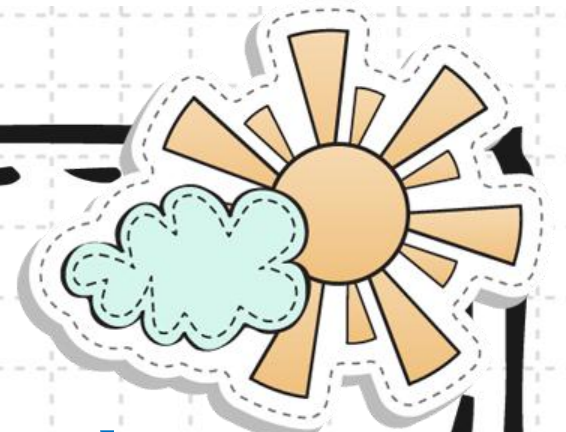

(东峰/西峰/南峰/北峰/中峰)

**The highest peak is south peak, and its height is about 2155 meters.**

It takes two hours to  
get there from Xi'an  
by car.

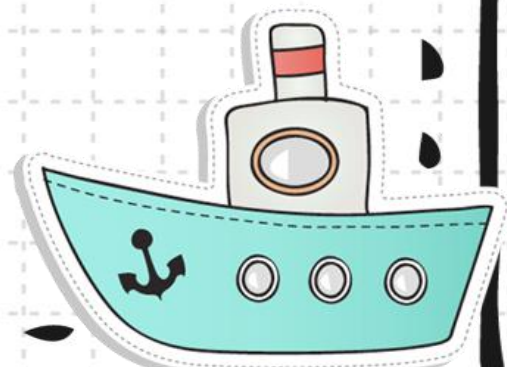

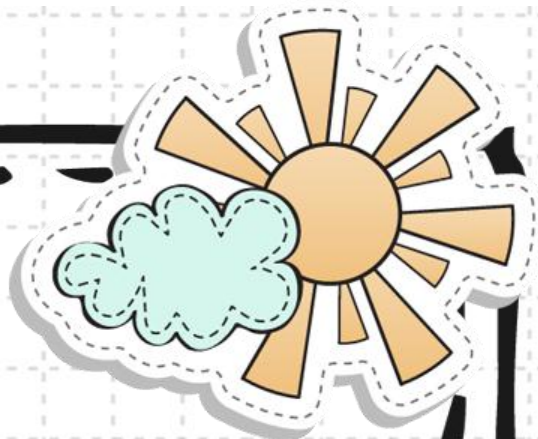

We take the cable  
car (缆车) to get  
to the West peak.

**I am taking photos of  
the beautiful scenery  
with my watch.**

**I am very lucky, the weather is good, so I can see a sea of clouds (云海)。**

In the mountain, you can see a lot of locks here, it is called tongxinsuo (同心锁). The spot is called jinsuoguan(金锁关).

# Nice Food in Xi'an

肉夹馍

羊肉泡馍

凉皮

腊牛肉

臊子面

粉汤羊血

酸汤水饺

肉丸胡辣汤

柿子饼

腊牛肉:

Dry-cured beef
