I can draw flowers and trees in a big garden. They look really
nice and beautiful. Sometimes I enjoy the paintings for a long
time. Because I like them very much. Then I imagine.....

What if the garden was all green? There are lots of greens.
Then that will be spring all the year.

What if the garden was all pink?

There are different pinks. I will be happy.

Because pink is my favourite colour.

What if the garden was all purple?

Can you imagine a garden where everything is purple?

I think that it will be very mysterious.

My favourite garden is colourful.

The garden isn't just green, pink and purple. It's a mixture of
all these colours. I love the garden I paint and draw!
