

First, prepare some materials:
some stickers, some decorative
tapes, a plastic bottle and a
pair of scissors.

Next, cut the packing. The scissors
are dangerous, please do it with your
parent.

Then, cut the top of bottle. It's dangerous, please do it with your parent.

Then, make the bottle beautiful. We can put some stickers or draw some pictures on it.

Finally, a simple but beautiful and useful pen container is made.

If you want a pen container, I hope you can have a try too!
