The double bass mystery

Let me introduce this book to you.

The story is about a murder caused by a cello. The leader of this story is the whole double bass band. In the beginning, there was no problem in this band. Everybody practiced on time. They all lived happily, no quarrel. However, since the oil painting was stolen, things suddenly changed.

After the concert, I felt very tired. While I was asleep, suddenly there was a scream. That sounds terrible. It turned out to be a fall from a building.

The case was further investigated. We were extremely suspicious of what Simon did. At last he admitted it himself. The reason was just for the money. I could not believe it.

This was the main content of the story. We could not hurt others for money. We must be kind people. We must always stay awake.

精选语录（高潮部分）

I was asleep, but my head was full of the pictures and stories. I was dreaming about double basses and violins and parties on the beach. Simon was in my dream. Our conductor was in it. So was my old teacher, playing a double bass on the sand. Then I heard a different sound. Somebody was shouting. No, it was worse than that. Somebody was screaming, screaming very loudly. I opened my eyes. I woke up. It was five o'clock in the morning. Somebody screamed again. And again. And again. This time I wasn't dreaming.....
