# LITTLE MISS HELPFUL at the Fair

## Introduction:

Little Miss Helpful went to the fair. She helped many people there. First she helped Mr Fussy to look after his stall. She made the candy floss too big, so it splashed on Little Miss Splendid's face. Then she saw Mr Lazy <sup>was</sup> in the sky, because the balloons <sup>were</sup> on his seat. Little Miss Helpful used an air rifle to shoot the balloons and Mr Lazy has fell down. Finally Miss Bossy asked her to bring some bowls and cups. But she put too many bowls and cups in one time, so all the things tumbled around and broke in ~~the~~ thousand pieces.

## My Feeling:

This book is interesting and funny. I ~~have~~ learned that we should help other people in the result of ~~what~~ right way, or we'll make more trouble. We should think about the result of what we will do before taking action. Although Little Miss Helpful shot the balloons down, but Mr Lazy still got a bruised bottom because he fell down from such a high place. But we must still <sup>be</sup> positive.
