

MY SUMMER CAMP

ANDY LI

In this summer vacation, I joined the Juvenile Cavalry Camp in Zeng Cheng District. I enjoyed the summer camp very much.

First, I walked the horse. Then I rode the horse. At last, I drew the horse.

In the summer camp, I also learned how to draw the bow and shoot the arrow. It's very exciting.

I also drove the karts in the camp. There were some one-seat karts and some two-seat karts. I liked the one-seat karts more.

In the camp, there were two other activities I liked very much. One is picking litchi. The other one is making popcorn.
