四年级七班 熊亮同 Hiram 28

**This was a brilliant trip!**

**My family and my  
grandmother came here.  
It was a peaceful place.  
We could hear some insects  
sound.**

**The cinada screamed:  
clook,clook.**

**All the birds in the forest  
flew out and sang.Just like  
they were saying:“Welcome  
to mao lan!”**

**When we arrived in Mao Lan,we found where we lived last year ,then we went into the room.**

**Next,we went down stairs to catch some insects to play. For catching the insects, my dad bought a big web.Suddenly,a dragonfly flew in front of my dad.Dad shaked the web,then the dragonfly flew to my dad's web.At last,my dad pushed down the web,the dragonfly fell down and My dad took it out .**

**Mao Lan also has clean water.**

**I could see what's under the water.**

**So if the water was not deep ,I would go down the water and play with my friends.**

Do you like Mao  
Lan?
